V.

U.S. District Court

Trinity Correctional Food Serv

Defendant

Petition for Injunctive Relief
Pursuant to Fed. R. C. P 65

Comes Now plaintiff Corey Taylor seeking this court to issue an Injunctive Relief Immediately against Trinity Food Service for continued deliberate Indifference, Recklessness and Inadequate meals, and for continued violations of his Fourteenth Amendment Right. On 12-14-22 I, Corey Taylor Received My Special Diet tray and the Soy meat was Refrigerator Temp and upon receiving the tray and checking it in front of officer Haynesworth "female" I Instantly Reported to her that my meat was cold and not edible. The meat is similar to ground Turkey. However Ms. Haynesworth contacted the kitchen Told them that my meat was In fact Cold They Denied it as being cold and Declined in Replacing my meal. I Requested a Sergeant at 8pm. Dinner was Served at 4:45p.m. a Sergeant never came, but told officer Haynesworth to log a Incident Report and state I Refused My Tray but I Didn't Refuse my meal It was not edible and OFF. Haynesworth Mentioned in her Report that My meal was In fact cold. I compel this court to issue This injunctive Relief Cause if not I will continue to be Faced with denial of meals and I'd suffer From Hunger pains as I have and Currently do when Denied a meal I'm Faced with Mental and emotional anguish and anxiety. I Strongly believe that when this court grant Relief on this petition I will no longer be Faced with such Deprivations, violations of my Rights and My Meals will no longer be Denied. Continued violations of my Fourteenth Amendment Right is Continued irreparable Injury. Having Stomach Pains From Hunger with Slight Headaches due to Mental anxiety From the Harm caused to me is continued

Linchon Planus and causes: Burning, Blistering, Swelling, Bleeding and Ulcers
Please Take Judicial Notice that on 12-1-22 I was Served Spicy Potatoes
which was verified by the officer. However the tray was Replaced and I Received
spicy potatoes again and Spicy Mixed vegetables and the spices were not
Clearly noticable until I consumed the Food and Instantly Suffered with
Burning Irritation of ulcers and Swelling and pain which is like Fire to
Skin and alcohol on an open wound. My succession My Claim Stands in
My favor Due to the many Incident Reports entered about my meals
containing spices and the Almost Severe Injury I Suffered when I had to
be Injected with DexMethosione a steroid to aid the pain and swelling
Similar to an epic pen. Being layman to law as mentioned seeking Injunction
Shall Stand Due to the factual Details of Claim and the proven violation of
my Fourteenth Amendment Rights. My petition seems to be en-sync with
Liberty coins, LLC v. Goodman 977 F. Supp. 2d 783. I hereby attest according to
law that all mentioned is accurate and true, Due to the Steady Disregard
Towards my serious medical need and my Health and well-being

I beg for the Mercy of This Honorable Court To Aid me in this
Matter

Respectfully Submitted
Carey Taylor

Please be advised I was given a Dinner tray 2hrs later by Off. B Smith
cause she's highly aware about the treatment I receive Regarding My meals
